

Fume Extractor System

The Weller FT GD125 is a heavy-duty industrial fume extractor and air filtering system. It is rugged enough for production lines, and its size, weight and quiet operation make it practical for use in professional offices. The system removes more than 99.97% of airborne particles and 93% of fumes and volatile organic compounds.

- Power consumption is compatible with the automatic start and stop feature on InfoSight printers.
- Extraction rate adjustable for different applications.
- Kit includes replacement filter, 5 pre-filter bags, 6 foot power cord and 10-foot connection hose.
- Two-year warranty (excluding filters).
- UL, CSA and ROHS approved.

Size:	13 x 13 x 20 inches (335 x 335 x 510 mm)
Weight:	35 lb (16 kg)
Compatibility:	Compatible with LabeLase 1000V
Operating Temp:	Up to 125°F (50°C)
Sound Level:	50 dB(A)
Input Voltage:	100 - 250VAC, 50 - 60Hz, 1A, 100W
Filtering System:	up to 60 ft ³ /minute

CLEAN, QUIET OPERATION
